

Uncover Your Child's Greatness!

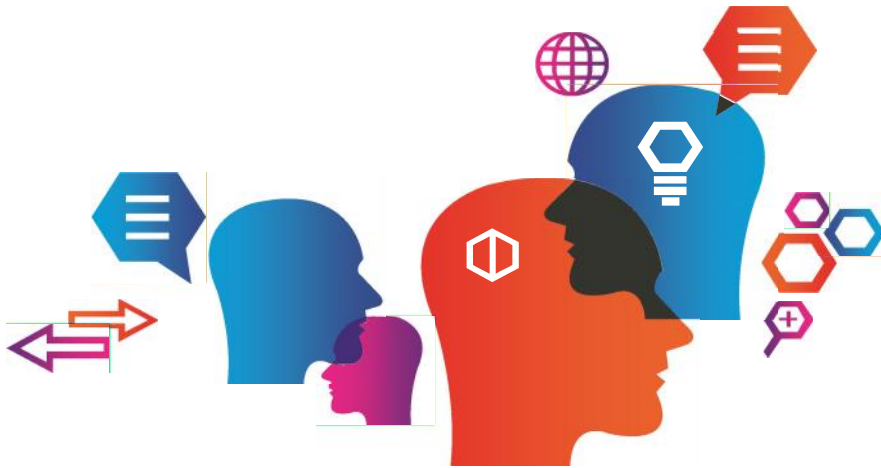

"HEADSTART with LOA" FOR TEENS & YOUTH

ONLY FOR
COMMITTED
PARENTS &
TEENS /
YOUTH

What every student (and parent) should know about Law of Attraction and how the application of these tools can drive them towards GREATNESS by:-

- Nurturing a Growth Mindset
- Excelling in their studies
- Developing strong social & communication skills; and
- Being better equipped to thrive in the 21st Century

"I used to struggle with achieving any of my goals. The tools learnt during coaching, especially the structured application of '4 Disciplines of Execution' has turned my life around. I now have goal clarity for my studies and personal life and I've learnt how to construct the right 'environment' towards achieving them. Going through the coaching process has also allowed me to be a more responsible and disciplined individual"

~ Kavena Sivapragasam (17 years old)

Getting a Head Start with Law of Attraction

At the heart of The LOA Centre Malaysia is the belief that everyone is born to be great and this greatness, for many is an untapped potential from within which can be developed to its fullest potential if immersed in the right environment. We provide that environment to our clients.

What excites us even more is that human potential for greatness can be nurtured from a very early stage in life. Hence the birth of the "HeadStart with LOA" program for teens and youth which was developed and continually evolves to bridge the 'Gap' in conventional education system. It creates a platform for Personal Mastery which addresses the Attitude, Mindset & Behaviour Patterns of teenagers/youth, ultimately leading to increase in performance excellence.

The core of this program is based on OVER 8 YEARS of tested and proven

tools, techniques and formulas utilised to enhance the performance of teenagers in school and equipping them with fundamental principles of success which will also benefit them in their social life.

These essential skill sets and empowering habits prove to be of further advantage in their higher education and work lives in an increasingly dynamic 21st century.

'HeadStart' is designed to be an experiential learning program where knowledge, skills and experience are converted into automatic positive behavioural transformation towards success. This is achieved through ongoing coaching and mentoring by an accomplished and experienced Performance Coach over a 90 day period.

5 Main Objectives of the 'HeadStart' Program

1. Neutralise & shift the existing mindsets of students to 'growth mindset', thus opening them up to the potential for increased performance and positive change;
2. Identify & overcome fears, doubts & limiting beliefs which are 'roadblocks' to experiencing significant progress;
3. Take 100% ownership and accountability and responsibility for the results being generated both in school and at home;
4. Increase the culture of positivity, construct uplifting environment and build cohesive family units which results in harmonious and empowering relationships; and
5. Equip and empower teens to thrive in a rapidly changing social and work environment

"I've managed to significantly replace many of my disempowering habits which were holding me back from personal success. With new empowering habits cultivated, my studies excelled tremendously and I'm now a straight A student"

~ Kreshna Sivapragasam (18 years old)

"The effective communication tools especially WIFLE, has equipped me to improve on my communication with my family members and enabled me to foster better relationship with them. The bond amongst us have improved immensely and I'm so happy we are now a more unified family"

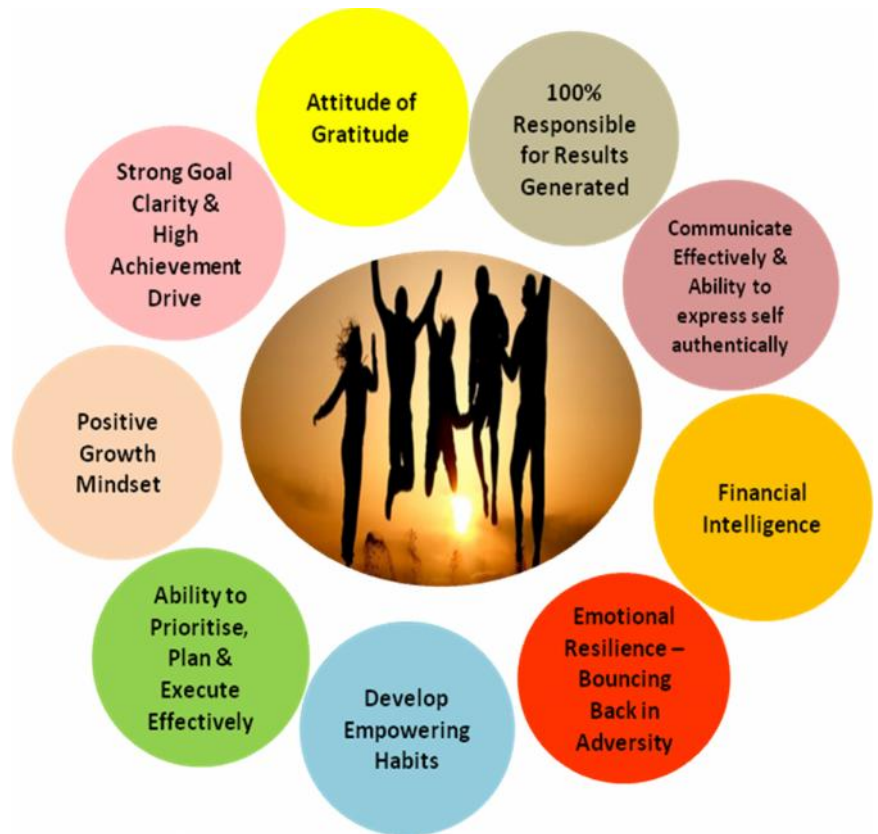

~ Kavitha Sivapragasam (17 years old)

Kreshna, Kavitha & Kavena Sivapragasam with Michael Losier, International Bestselling Author of "Law of Attraction". Visit www.TheLOACentre.com/headstart.php and watch Michael Losier's interview with these 3 star-performing teens who have been applying the principles taught in 'HeadStart' since they were 11 and 10 years old respectively.
